### OSB Family Law Section Annual Conference

The faculty members at this CLE are seasoned Oregon family law practitioners with many years of experience. Their knowledge will help you develop a best-practices standard for handling family law cases, while their real-life practice approach allows you to bring home ideas and put them to immediate use.

This conference itself includes a wealth of practical information, including an analysis of current appellate court rulings and review of legislative changes affecting the practice area. Don't miss the opportunity to meet and talk to some of the best in Oregon family law: judges, lawyers, and staff. This is a CLE that every family law practitioner should attend – whether they are new to the practice of family law or experienced in the field.

Seminar materials typically include updated petitions, motions, and affidavits that reflect recent legislative changes. 2019 Family Law Conference October 10-12, 2019 at Sunriver Resort. For information on this conference and for subsequent annual conference, call the CLE Service
